

About Us

History

Monaleen G.A.A. Tennis Club was founded in 1994 by some young local women, primarily as a means of getting to know more people in what was then only beginning to grow into the Castletroy/Monaleen area.

Greatly encouraged by Monaleen GAA Club, who made their existing hard court available to the group, the Tennis Club quickly prospered and grew in size. Very soon a second hard court was added, and in time both were converted to Astroturf surfaces. In 2004, the club really arrived with the erection of new state-of-the-art floodlighting. These lights are specifically designed for tennis courts, and several leading clubs in the country are making plans to convert to the types installed here in Monaleen.

Today

We remain a strongly community-based club and are keen to promote tennis as a means of enabling locals, both adult and children, to participate in both sporting and social activities. We also arrange regular coaching for our junior members to ensure that their skills develop, and for the more competitive there are competitions and leagues organised throughout the year.

At the beginning of 2005 membership stood at record numbers, with families, junior, and adult participation at very high levels.

Facilities

4 all-weather astroturf courts, 2 with state of the art floodlights. Additionally all members of the Tennis Club are automatically paid-up social members of **Monaleen G.A.A. Club**, which includes access to use the newly refurbished clubhouse and bar during all normal opening hours.
